

Senior Campus Students took part in 3 Events as part of MidCoast Festival of Stories.

Senior Campus was buzzing with creativity as renowned Author Dr Mark Carthew entertained students and shared his skills in writing, rhyme, wordplay, and visual narrative. Mark's Picture Books have won Book of the Year on more than one occasion.

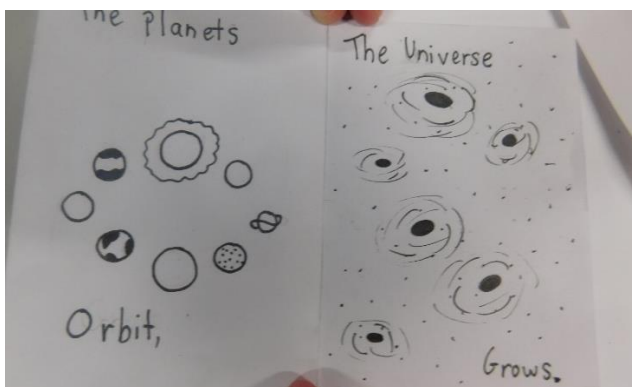

Mark followed his lecture with 2 workshops. The first focused on writing where students made Zines and the second was an illustration workshop focussing on cartooning.
